# OUR STORY

## COMPANY PROFILE

Tianz Snack Co., Ltd, a subsidiary of China tianz group co., limited, is a professional company specializing in food, beverage and snack trade. Relying on our own factory, we provide diversified products and services to our customers all over the world. Adhering to the core concept of "quality first, sincere service and innovation", the company is committed to providing customers with high-quality food and snack products that meet market demand through refined product research and development and strict quality management. We not only focus on the safety and health of our products, but also actively respond to global consumer taste trends and launch diversified, personalized customized solutions.

In the global supply chain management, Tianz Snack relies on strong production capacity and rich industry resources to optimize the whole process from raw material procurement, production and processing to logistics distribution, providing customers with efficient and flexible services. Guided by the needs of our customers, we constantly promote technological upgrading and innovation to maintain a competitive edge in the food industry. Whether in the domestic market or the international market, we always maintain a high level of attention to quality, with excellent products and services to win the trust and cooperation of customers.

In the future, Tianz Snack will continue to deepen its efforts in the field of food and snacks, expand more market opportunities, and grow together with partners to achieve win-win development. Our vision is to be a trusted brand in the global food industry, bringing consumers a delicious, healthy and convenient food experience while driving sustainable development in the industry. Through continuous innovation and improvement, we hope to add more delicious and happy to the daily life of every family and consumers.
